It's All Wrong

KoÑ•n

What's it gonna be today?
Keep chipping at my soul
And why must it disobey?
The only thing I loathe.How many times a day must I die?
Nothing's gonna work today.
I'm killing time.
Looking all around to find a way.
It's all wrong.
Knowing that my demon won.
I'm done!Have I been lead astray?
Blaming the righteous.
What do you think they'd say?
Attacking the altar.How many times a day must I die?
Nothing's gonna work today.
I'm killing time.
Looking all around to find a way.
It's all wrong.
Knowing that my demon won.
I'm done!I'm done.I'm done with faceless feelings.
I'm done with anything.
I'm done trying to support you
and sacrificing everything.Everything, everything!How many times a day must I die?
Nothing's gonna work today.
I'm killing time.
Looking all around to find a way.
It's all wrong.
Knowing that my demon won.
I'm done!
