Go! (Friscia & Lamboy Tribal Vox Mix)

Jupiter Rising

Every day's the same day, it never changes
I hump the nine to five
I do what I do just to get by
I'm always feeling for a new lifeTonight's the night, I'm gonna settle the score
For the weekday war for my soul
Tonight's the night, I'm gonna lose control
Gonna hit the floor, act a foolBoy, you're on the floor now
Let the music take your soul
Boy, you're gonna score now
Maybe you should just let goGo! Go! If something happens on the floor
Go! Go! Before they throw us out the door
Go! Go! Because we want a little more
And we can't find it here we got to goGo! Go! We got to get it to the spot
Go! Go! We got to drop it while it's hot
Go! Go! We got to do it when they not
'Cause we plot quite a lot with the skills that we gotI've been waiting for divine inspiration
From the radio station, where to go
To where the club be hoppin', the DJ be droppin'
Beatboxers boxing with some popping and lockingMC's macking, stalking folks
Lyrically attacking squawking jokes
Got the bouncers bounding, got to get pounding
When the vibe starts winding, got to goGo! Go! If something happens on the floor
Go! Go! Before they throw us out the door
Go! Go! Because we want a little more
And we can't find it here we got to goGo! Go! We got to get it to the spot
Go! Go! We got to drop it while it's hot
Go! Go! We got to do it when they not
'Cause we plot quite a lot with the skills that we gotWe gotta step, step
We gotta hustle, hustle
We gotta get 'em, get 'em
We gotta move, moveWe gotta cut, cut
We gotta get up, get up
Get ready, steady
Gotta goShh! This means we gotta go, go
Yeah, I know, I know
We gotta goGo! Go! If something happens on the floor
Go! Go! Before they throw us out the door
Go! Go! Because we want a little more
And we can't find it here we got to goGo! Go! We got to get it to the spot

Go! Go! We got to drop it while it's hot
Go! Go! We got to do it when they not
'Cause we plot quite a lot with the skills that we gotGo! Go! If something happens on the floor
Go! Go! Before they throw us out the door
Go! Go! Because we want a little more
And we can't find it here we got to goGo! Go! We got to get it to the spot
Go! Go! We got to drop it while it's hot
Go! Go! We got to do it when they not
'Cause we plot quite a lot with the skills that we gotGo! Go! We got to get it to the spot
Go! Go! We got to drop it while it's hot
Go! Go! We got to do it when they not
'Cause we plot quite a lot with the skills that we gotGo!
