

Alayal

Hot Action Cop

Aww yeah,
The Hot Action comin' at ya 2003,
Now what's it gonna be?
Aww yeah,
C'mon...
Beautiful girls do whatever they want,
And fabulous hunnies get whatever they need,
I see it when they walkin' and they talkin',
Give it to me,
See it when they movin' and they groovin' shout it,
Listen to me,
Goin' toward the restroom and they always go in pairs,
Messin' with they makeup,
Playin' with they hair,
I really gotta level with alayal,
I wanna get together with alayal,
Gonna get the feelin' with alayal,
Jumpin' on the ceiling with alayal,
I wanna have a baby with alayal,
Jump in a Mercedes with all of y'all beautiful girls,
All over the world,
All over me yeah yeah,
Get down!
Aww yeah...
Beautiful girls do whatever they want,
And fabulous babies get whatever they need,
I see it when they dancin' and romancin',
Give it to me,
Feel it when they clubbin' and they lovin' on ya,
Listen to me,
Always on their cell phones they're all doin' what they told,
Talkin' to some pretty friend with another one on hold,
I really gotta level with alayal,
I wanna get together with alayal,
Shakin' up the party with alayal,
Body up to body with alayal,

Get the heavy breathin' with alayal,
Gonna love it when I'm leavin' with all of y'all beautiful girls,

All over the world,
All over me yeah yeah,
Get down...
Too strong,
Can't hold back,
Oh got down with honey,
Give me sexy hearty tactic,
Uh huh yeah,
Listen momma give me momma,
Love it till ya do it momma,
Give it to me momma say ma,
Rappin' for ma woman baby,
Everybody try to tell me,
Uh uh uh...
Tryin' on some outfits,
Checkin' out some shoes,
Walkin' in they underwear,
Through the dressing room,
I really gotta level with alayal,
I wanna get together with alayal,
Get into the middle with alayal,
Rollin' in the limo with alayal,
Body up to body with alayal,
Shakin' up the party with alayal,
Give it to me momma with alayal,
Wanna have a baby with alayal,
Jump in a Mercedes with all of y'all beautiful girls,
All over the world,
All over me yeah yeah...
Can't I can't I get enough of your love baby,
Oh c'mon...
