

I'll Remember You

[Sophie Zelmani](#)

It's daybreak and you are asleep
I can hear you breathe now, your breath is deep
But before I go, I look at you one last time
I can hear a heartbeat, is it yours or is it mine I look at your lips, I know how soft they can be
Did they know what they wanted, the times they kissed me
And your hands I held in mine, now they're reposing on the pillow
Will they ever miss me sometime? I'll remember you, you will be there in my heart
I'll remember you, but that's all that I can do, but I'll remember Your eyes, that always make me shiver
Now they are closed, they do sometimes twitch a little
And your body, I could own for an hour
It sent me to heaven with it's heat and power I'll remember you, you will be there in my heart
I'll remember you, but that's all that I can do, but I'll remember
