Insanity

Jose "Spinnin" Cortes

She turns my world around
Whenever she is touching me
She knows she's got control
Of every little thing I feel
You better let go
You better let go
I can't go on feeling
Like a little devil boy
But at the same time
She takes me where I wanna be
(You better let go)
(You better let go)
Come on, you know what I want
She takes me into fantasy
Let me back to reality
(Hey ho, hey, hey, hey ho)
Insanity
Your girlfriend's coming on to me
She eats your heart out, can't you see?
(Hey ho, hey, hey, hey ho)
Insanity
No, you have no idea
She's doings things behind your back
She's creeping up behind you
Telling me, "I want you"
(You better let go)
(You better let go)
Come on, girl

Now don't push it, girl
Then go to someone else
When you know you hurt me, ouch
Really, really bad
(You better let go)
(You better let go)
She takes me into fantasy
Let me back to reality
(Hey ho, hey, hey, hey ho)
Insanity

Your girlfriend's coming on to me
She eats your heart out, can't you see?
(Hey ho, hey, hey, hey ho)
Insanity
Sweet as she is she is breaking my heart
Nobody knows it I fell from the start
Heating your life then she blows you away
But I can't stay
(You better let go)
(You better let go)
She takes me into fantasy
Let me back to reality
(Hey ho, hey, hey, hey ho)
Insanity
Your girlfriend's coming on to me
She eats your heart out, can't you see?
(Hey ho, hey, hey, hey ho)
Insanity, yeah
