## Breaking Laces

Meagan

A sunny day I left my porch and  
headed for my finest hour  
whenever we go out  
you help me find my cloud  
and leave this world behind

And any fool with eyes can see  
you're beautiful and I must believe  
that I can make you mine  
you are all I got  
and I ain't got much time

You never fail to put in motion  
whatever leads me to your heart  
and now I'm on the road  
the road to let you know  
that we can't be apart

And any fool with eyes can see  
you're beautiful and I must believe  
that I can make you mine  
you are all I got  
and I ain't got much time

When you tell me that you don't wanna go  
if you turn me down  
I'll be on your block and begging for a blow  
to beat me down

I'll point her out the Pacific ocean  
I'll take you to that tiny isle  
we'll live off what we find  
a tour de make you wild  
and leave this world behind

And any fool with eyes can see  
you're beautiful and I must believe  
that I can make you mine  
you are all I got

and I ain't got much time

---
