Somewhere At Christmas Time

Cascada

High above a starry night shines
In a land where time began
Lived a tale of tales not far away
So they say
Somewhere at Christmas time

In their hearts, there lays a manger
It's the place where hope was born
And a gift of love for everyone
So they say
Somewhere at Christmas time

From the hills, across the ocean
Came a story of a child
Who was sent to give a guiding light
So they say
Somewhere at Christmas time

And they say that miracles and dreams come true
And there's nothing to be scared of - he will shelter you
And they say there's nothing that you can't achieve
Lay your hands in mine
It's Christmas time

High above a starry night shines
In a land where time began
Lived a tale of tales not far away
So they say
Somewhere at Christmas time.
