

Shine On Our Love

Jack Neilson

Shine on our love, oh the kindness you have brought my way.
Shine on our love, as we celebrate this our wedding day.
And hold me this moment, and youâ€™ll hold me for eternity.
Closer my love, feel the love that holds inside of me.

Looking behind, when the days were filled with love undone.
Now itâ€™s our time, as we stand together to be as one.
And oh itâ€™s the magic when two hearts eagerly collide.
Closer my love, feel the love that we both hold inside.

Love as we grow, I will always try to listen with my heart.
Love as you know, we had something everlasting from the start.
And oh itâ€™s the magic when two hearts eagerly collide.
Closer my love, feel the love that we both hold inside.

Shine on our love, oh the kindness you have brought my way.
Shine on our love, as we celebrate this our wedding day.
And hold me this moment, and youâ€™ll hold me for eternity.
Closer my love, feel the love that holds inside of me
