

When It's Over

Jan & Dean

When itâ€™s over will we have to part, when you leave me will I have a broken heart.

Will you go your way and Iâ€™ll go mine when itâ€™s over?

When itâ€™s over.

When itâ€™s over will I have a chance when you leave me and find a new romance?

Will you soon forget the happy day we met when itâ€™s over?

When itâ€™s over.

I can barely think ahead to wonder what will be.

I canâ€™t imagine what tomorrow will see, please donâ€™t leave me.

Now that itâ€™s over you donâ€™t have to go, please just stay here, let me love you more and more.

Can I just pretend if I donâ€™t see you again when itâ€™s over?

When itâ€™s over.
