

# Starts With One

## Shiny Toy Guns

Starts with one, I can't feel  
It's all in your mind anyway  
I can't heal  
Make me feel this way Now there's two, I can't see  
I've never felt this way  
I can't feel  
Anything anyway Let's show them  
The only way  
Let's show them  
Our hearts, hearts Only three, I can't see  
To get enough anyway  
I can't speak  
Nothing to say anyway Let's show them  
The only way  
Let's show them  
Our hearts Let's show them  
The only way  
Let's sew up  
Their hearts Distorted light moves in  
Or am I mistaken? It feels so, feels so  
Feels so cold  
It feels so, feels so  
Feels so cold There goes today  
It slowly fades, slowly fades away  
Here comes today  
Never go, never go away, no
