

# Leaf Upon The Wind

## D-Side

I never thought that I would see  
Someone as beautiful to me  
And when you leave I'm lost again  
Just like a leaf upon the wind I never thought I'd feel like this  
I long for your touch, your giving kiss  
My heart's a crying violin  
I'm like a leaf upon the wind Chorus:  
My world is torn in two  
My life it longs for you  
In everything we do  
When you are mine  
I lose all common sense  
Let down my self defence  
Beg for the loneliness to end..... When you are near I'm standing tall  
Just like a soldier off to war  
But when you're gone the fight begins  
I'm like a leaf upon the wind Chorus After the storm the clouds will break  
But in my mind nothing has changed  
I'm all alone, I'm here again  
Just like a leaf upon the wind
