

Beneath My Love

[Alberta Cross](#)

To time even care
Time don't even care my love
Where's my union sent
Come beneath my love my dear
And I don't even give a daam
Was it worth the wait
It's so necessary Count on me I swear
Drugs don't even kiss my love
Count on me I swear
Come beneath my love my dear
And I don't even give a daam
This it worth the wait
Was it necessary
Try me I swear
I am so necessary
Just know I do care
The worth is secondary
Find me I swear
The lust is necessary
You know I do care
I should doubt doubt Come beneath my love
Come beneath my skin my love
