Come On and Dance

[Cat Stevens](...)

I take you out all over town
but you always start sittin' down
You never move, baby whats wrong with me?
when we go dancin', you're just there like a treeBaby come on and dance, you're holding me back
I've gotta get out this feeling, before I go mad
You gotta let me in, the music's getting me now
You gotta come on and dance, stop hangin' aroundI don't care if you twist or jive, just as long as you're lookin'
alive
you'll make me glad, baby you'll make me rise,
I wanna see that twinkle in your eyesBaby come on and dance, you're holding me back
I've gotta get out this feeling, before I go mad
You gotta let me in, the music's getting me now
You gotta come on and dance, stop hangin' around
