Hope Has Wings

Brie Larson

When I'm stuck on the ground
Theres no up only down
Every step sends me falling
Not sure how to begin
How to rise like the wind
So that soon I'll be soaring
I ain't just breathe
And let my self believe
'Cause hope has wings
To carry you anything is possible
Just might be a miracle
Waiting to come true
So I lift my eyes and see the sky
Feel my heart begin to fly
I will be carried by my dreams
'Cause hope has wings
Hope has wings
Hope has wings
I could climb through the clouds
Far away form the doubt
That would be so amazing
Feel the sun on my face
Such a beautiful place
Yeah, I know that it's waiting
Skating safe
Encouraging with faith
'Cause hope has wings
To carry you anything is possible
Just might be a miracle
Waiting to come true
So I lift my eyes and see the sky
Feel my heart begin to fly
I will be carried by my dreams
'Cause hope has wings
Like a flame, like a spark
I'm amazed by the change
There's a star in the dark
Calling out my name
Follow me, I can see

Now I'm on my way
'Cause hope has wings
To carry you anything is possible
Just might be a miracle
Waiting to come true
So I lift my eyes and see the sky
Feel my heart begin to fly
I will be carried by my dreams
I have a new hope that lives in me
Anywhere I go it sets me free
It shines a light, its everywhere
From north to south, it takes me there
I have a new hope that lives in me
Anywhere I go it sets me free
It shines a light, its everywhere
From north to south, it takes me there
Hope has wings, hope has wings
Hope has wings, hope has wings
Hope has wings, hope has wings
