

The Gift

[INXS](#)

Oh, so fine we were trying
Out of nowhere just in time
Let you take me deep down the river
Kiss the changes that shape my life Always left behind
All the tracks that I could find
Do, do, do all these scars are mine I was thinking got the feeling
The gift you gave is gonna last forever
All the lies you find, all the truth you see
Rise and fall but I know what's mine
Here we lie looking up to
Empty sky and the promises we find I'm not the first one to ask why
Yeah, yeah
Do, do, do all we ever try I was thinking got the feeling
The gift you gave is gonna last forever
I was thinking, got the feeling
The gift you gave is gonna last forever Let you take me deep down the river
Kiss the changes that shape my life, yeah Do, do, do all these scars are mine
Do, do, do all these scars are mine I was thinking, got the feeling
The gift you gave is gonna last forever
All the lies you find all the truth you see
Rise and fall I know what's mine I was thinking, got the feeling
The gift you gave is gonna last forever
All the lies you find, all the truth you see
Rise and fall, I know what's mine I was thinking, got the feeling
Gift you gave is gonna last forever
All the lies you find, all the truth you see
Rise and fall, I know what's mine
