

Saviour

Black Peaks

I'm safe here
Wrapped in stone
It's 'cause your saviour saves his own
'Cause you're spreading
Under your skin Yeah your weakness
Can begin
Your safe here
To save yourself
That's 'cause your saviour Won't save me
'Cause you're spreading
Under your skin
Yeah, your weakness
Can begin
Don't say a word
Don't say a word Don't spread the word
Sleep beyond the sun
Don't spread the word
Sleep beyond the sun
Don't spread the word
Sleep beyond the sun
Don't spread the word
Sleep beyond the sun
Don't spread the word
Sleep beyond the sun You're spreading
Under your skin
Your weakness
Can begin
Won't save me
Save me Break out through the ice again
Can you hear me call again, again
Again
Break out through the ice again
Can you hear me call again, again.
