

# All for One, None for All

## Doctor Butcher

It's every man for himself now  
That's the way it's gonna be  
A nation armed and ready  
Civil war that's sure to be In a future as things just keep goin' on  
Young people dies  
In the future for children All for one, none for all  
All for one, none for all  
No none at all It's a world of confusion  
Got to look out for number one  
If you don't no one else will Leaves you under the gun  
Alone you stand, a shadow by your side  
On your face I can see the misfortune All for one, none for all  
All for one, none for all  
No none at all All for one, none for all  
All for one, none for all All for one, none for all  
All for one, none for all  
No none at all
