

Calling On Fire

Bellarive

I'm born with a restless heart,
In the darkness
I'm born with a desperate need,
For you I failed you a thousand times,
Still you're faithful
Teach me to fix my eyes,
On you Burn away my rebellious,
Ever wandering heart
Lift me out from the ashes
Keep me where you are We're calling on fire
We're calling on fire
We're calling on fire, God
Come set our hearts ablaze We're calling on fire
We're calling on fire
We're calling on fire, God
Come set our hearts ablaze Your glory is ever bright,
Overwhelming
Consuming the darkest night,
In me Burn away my rebellious,
Ever wandering heart
Lift me out from the ashes
Keep me where you are
Keep me where you are We're calling on fire
We're calling on fire
We're calling on fire, God
Come set our hearts ablaze We're calling on fire
We're calling on fire
We're calling on fire, God
Come set our hearts ablaze Father, king of the heavens
Show us your face
We delight in your glory
Show us Father, king of the heavens
Show us your face
We delight in your glory
Show us Father, king of the heavens
Show us your face
We delight in your glory
Show us Father, king of the heavens
Show us your face

We delight in your glory
Show us
Show us We're calling on fire
We're calling on fire
We're calling on fire, God
Come set our hearts ablaze We're calling on fire
We're calling on fire
We're calling on fire, God
Come set our hearts ablaze With your love
With your love
Come set our hearts ablaze
