

Point and Shoot

Pepper

Advisory - the following lyrics contain explicit language:

I'm exactly where I want to be
Like a thief inside a robbery
Listening to pirate radio
Imagine that I'm in the show Empty sky but I'm still composed
Take some time for these sexy episodes where Pussy licking, pussy licking me
I see a photo opportunity
Now lick your lips, shake your hips 'cause that's the shit now lover
Let the licker help you get on it Now this room is getting loud
Must keep an eye now, there is a crowd so Pussy licking, pussy licking me
I see a photo opportunity
Now lick your lips, shake your hips 'cause that's the shit now lover
Let the licker help you get on it
Let the licker help you get on it If you wanted to you could do like me
Several times, I know, I'm lucky to be
In the mix but still composed
Lost inside these kinky episodes Pussy licking, pussy licking me
I see a photo opportunity
Now lick your lips, shake your hips 'cause that's the shit now lover
Let the licker help you get on it
Let the licker help you get on it You, you should imagine all that these eyes, yeah
All these eyes have ever seen, I hope you
You got something that I could use, or I could use
Or I could use you baby one more time
