

A-11 (Re-Recorded / Remastered)

Johnny Paycheck

I just came in here from force of habit
I don't intend to spend too much time in here
 But I saw you heading for the jukebox
And if you play A-11, there'll be tearsI don't know you from Adam
 But if you're gonna play the jukebox
 Please don't play A-11
Oh, this used to be our favorite nightspotAnd when she was here, it was heaven
 It was here; she told me that she loved me
 And she always played A-11
I don't know you from AdamBut if you're gonna play the jukebox
 Please don't play A-11
 Please don't play A-11
