

# Hyperventilate

## Pollen

He's waiting  
You're stalling  
I'm dying, caressing  
Oh, it's the waiting

You're calling him  
She's talking  
About me, and you'll be  
Oh, defend me

So friendly night

I'm hoping  
This feeling  
Stays with me  
Intimacy  
Oh, it's the waiting  
Interesting night

God help me  
Don't let this end  
My lover be with  
No one, no one  
No one, no no one

No  
No  
No one, no no one.

And I don't want to leave you
