

A New World

Mord Fustang

Old world has left in starvation and disease
fourteen ninety-two bring a new change to see
 Across the ocean they would sail
 (following out the dark blaze)
They keep the route with an endless faith[bridge:]
 far beyond the earth's edge
 they will reach their dreams
 as a privilege
 sun still spreads out its beams[Chorus:]
 With the winds of the sea
 always blowing from the east
 three boats dare to face
 sailing through inferno's gate
 just a will, a belief
 which could cross the deep abyss
 to discover a new world
 saving humanitysuddenly a joyful cry
 was heard in the advanced night
 the long awaited sight
 was seen below the skynew treasures shine before my eyes
 (the're bright like a burning fire)
i will enjoy the eternal sea of life[Bridge][Chorus]aventus nautarum in novan terram
 argentum aurumque Americabut they didn't know
 that this virgin ground
 was an unknown land that's overgrown
 new Eden's found
 the lost paradise
Mankind's dawn is beginning to risethis land is wild
 Our boots were defiled
 Our dreams will be reality
 the native's pain
 always in vain
our glory was their agonyBut when Columbus told the queen
 all the thing he'd seen
he had to submit and be agreed
 With kingdom's greed
 [Chorus]
