Goodbye

Goldfinger

I can't stop the rain
I can't stop the sky from falling down
I can't stop the pain
I can't stop the world from spinning 'round
I'm falling down
I can't stop the war
I can't stop my death from happening
And my head's a morgue
I can't stop the worms from tunneling
Once they begin
So goodbye
It's time to pull the trigger
Goodbye
My problems just got bigger
So goodbye
I can't stop the waves
I can't stop the tide from rolling
And I've dug my grave
Now, I've become a mannequin
My lifeless twin
So goodbye
It's time to pull the trigger
Goodbye
My problems just got bigger
So goodbye
Don't ask me anything
You know it's up to me
(Goodbye)
Don't tell me anything
My life is rough to lead
(So goodbye)
I've been let down
You terrorized my life, but now I'm done
I watch you drown
You symbolize the past
A skeleton
I've been let down
You terrorized my life, but now I'm done
I watch you drown

You symbolize the past
I'm just a skeleton
A fucking skeleton
Goodbye
It's time to pull the trigger
So goodbye
My problems just got bigger
So goodbye
Don't ask me anything
You know it's up to me
(Goodbye)
Don't tell me anything
My life is rough to lead
(So goodbye)
I'm just a skeleton
A fucking skeleton
