Swimming with the Crocodiles

The Veils

Take the bandage off his eyes
Take the bandage off and then go down
Swimming with the crocodiles
Spinning round and round and round
Only I know I'm better off this way
The water's still the safest place to stayThey're sinking in their teeth tonight
I can feel them move beneath me with no sound
Swimming with the crocodiles
Spinning round and round and round
Only I know I'm better off this way
The water's still the safest place to stayYou're all I've ever wanted
And there's no remedy
I feel you when there's no one else around
Hold me like a child, you swollen crocodiles
Hold me under until I drown
Then pull me down.
Just tell me what you came forJust tell me what you can and what you can't
'Cause honey I might be a while -
Honey I might be a while longer
And only I know I'm better off this way
