## **Good And Gone**

## **Frank Turner**

Come inside, close the blinds
Let's hide away, we're gone
Lock the door, let them fuss about
One whole day we're alone
Good as gone
On our own, all alone
Good as gone
On our own, all alone
Shut the lights, shut the shades
Make it all go away
Let them scream and shout, we don't hear a thing

Out of reach, we're gone
Good as gone
On our own, all alone
