

# Dressed Up Like Nebraska

[Josh Rouse](#)

Trying to tell me something here  
In this place  
All of your demons rest  
In my space I dreamed last night  
You and I were there old and gray  
Holding tight  
You were always so cold But I can't touch you where you are  
There you stood dressed up like Nebraska  
Plain as day It's being in the dark that makes me so  
Paranoid  
It's the feeling of a sort that just won't  
Stay inclined enough I could see your eyes tonight  
Somehow try to set it right  
I could change your mind to see this But I can't touch you where you are  
There you stood dressed up like Nebraska  
Plain as day I can't touch you where you are  
There you stood dressed up like Nebraska
