Wasted (With You)

Squad Five-O

I was feeling like a dog, I was backed into a corner
Foaming at the mouth when you walked on by
You do something to me whenever you get near me
And when you start to talkin', girl, you blow my mind(I don't want you to go)
So keep talkin'
Why don't you tell me what is on your mind
(It don't matter at all)
I won't knock it
Feel so alive when you're by my sideI don't mean to stutter
I'm caught up in the moment
It's just lack of sleep
I've been up since early morningThe world just keeps on turning
Hey, we can't control it
But you gave me
Just one kiss for the meantimeWe don't need nowhere to go
So lock the door and turn up the radio
We don't need nothing to do
I'll lock the world outsideAnd waste away with you
And waste away with you
And waste away with you
That's all I wanna doBaby, I don't care if they say we got no future
Don't lay it on me, it's just a waste of time
If you get to feeling there's nothing to believe in
I got a remedy to ease your troubled mind(I just want you to know)
That you've got it
You got the light so, baby, let it shine
(It don't matter at all)
They can't knock it
Don't understand us 'cause they never triedI don't mean to stutter
I'm caught up in the moment
It's just lack of sleep
I've been up since early morningThe world just keeps on turning
Hey, we can't control it
But you gave me
Just one kiss for the meantimeWe don't need nowhere to go
So lock the door and turn up the radio
We don't need nothing to do
I'll lock the world outsideAnd waste away with you
And waste away with you

And waste away with you
That's all I wanna doI don't mean to stutter
I'm caught up in the moment
It's just lack of sleep
I've been up since early morningThe world just keeps on turning
Hey, we can't control it
But you gave me
Just one kiss for the meantimeWe don't need nowhere to go
So lock the door and turn up the radio
We don't need nothing to do
I'll lock the world outside
And waste away with youWe don't need nowhere to go
So lock the door and turn up the radio
We don't need nothing to do
I'll lock the world outsideAnd waste away with you
And waste away with you
And waste away with you
That's all I wanna doThat's all
