

# You'll Have Time

William Shatner

Live life, live life like you're gonna die  
Because you're gonna  
I hate to be the bearer of bad news  
But you're gonna die Maybe not today or even next year  
But before you know it you'll be saying  
"Is this all there was?  
What was all the fuss? Why did I bother?" Now, maybe you won't suffer maybe it's quick  
But you'll have time to think  
Why did I waste it? Why didn't I taste it?  
You'll have time 'cause you're gonna die Yes it's gonna happen because  
It's happened to a lot of people I know  
My mother, my father, my loves  
The President, the kings and the Pope they all had hope And they muttered just before they went  
Maybe, I won't let go  
Live life like you're gonna die  
Because you are Maybe you won't suffer maybe it's quick  
But you'll have time to think  
Why did I waste it? Why didn't I taste it?  
You'll have time 'cause you're gonna die I tell you who else left us  
Passed on down to heaven no longer with us  
Johnny Cash, JFK, that guy in the Stones  
Lou Gehrig, Einstein, and Joey Ramone Have I convinced you?  
Do you read my lips?  
This may come as news but it's time  
You're gonna die, you're gonna die By the time you hear this  
I may well be dead  
And you my friend might be next  
'Cause we're all gonna die Yeah, oh maybe you won't suffer and maybe it's quick  
But you'll have time to think  
Why did I waste it? Why didn't I taste it?  
You'll have time, you'll have time cause you're gonna die Yes, you're gonna die  
You're gonna die, I tell you  
You're gonna die, you're gonna die 'Cause maybe you won't suffer maybe it's quick  
But you have time to think  
Why did I waste it? Why didn't I taste it?  
You'll have time 'cause you're gonna die Live life, life, life like you're gonna die  
Because you're going to  
Oh yes I hate to be the beater of bad news  
But you're gonna die Maybe not today or even next year

But before you know it you'll be saying  
"Is this all there was? What was all the fuss?  
Why did I bother?Y O U apostrophe R E G O double N A D I E die  
You are gonna die  
Lung cancer, heart attack, diabetes, drug overdose  
Choke on a chicken bone, hit by a lightning bolt  
Heart attack, airplane crash  
Car wreck, fucked up in your ass
