# Loaded Gun

## Kevin Lee

Save your soul
Even though you wanna sell it every time
Strangers call
Make you stumble, make you fall again right out of line
There goes the innocence
Where is your competence?
Don't let the sun go down
Can you stay with me awhile?
Can't face the night alone
When you're leaving here tonight
And if the the sun still shines
I will know I'm still alive
Don't let the sun go down on me tonight
Lock the door
I don't wanna know what's on the other side
Endless wars
It's up to you to make it out of here, dead or alive
Maybe the time has come
Bury the loaded gun
Don't let the sun go down
Can you stay with me awhile?
Can't face the night alone
When you're leaving me tonight
And if the the sun still shines
I will know I'm still alive
Don't let the sun go down on me tonight, tonight
Don't let the sun go down tonight
We'll make it out of here alive
Don't let the sun go down tonight
We'll make it out of here alive
Don't let the sun go down tonight
Can't face the night alone
And if the the sun still shines
I will know I'm still alive
Don't let the sun go down on me tonight
Don't let the sun go down on me tonight
Down on me tonight
