More to Life

Ras Attitude

Anxiety, keeps eating me
Will it ever be full?I can't get no rest
Can't get this off my chest
I've got the push and pullThis chimpanzee won't let me be
Camped on my backMan, all I need's a little victory
Some rest from this attackCHORUS
There must be more to life than this
Surviving weekend to the next
Lord, show me how to fight
This disillusionment I'm sufferingObedience, my new defense
I'll walk by faithIntelligence says consequence
Is not the beast to wakeREPEAT CHORUSDid I stray to far from You?
When You find me
Can I come back home with You?REPEAT CHORUS
