

# What Your Girl Like

Chris Brown

I know what girls like, I know what they want,  
I know what girls like, so I'mma give it to 'em,  
Chris, I got you,  
Ok, Weezy F baby polo horses on my underwear,  
Baby, I'm a beast and your boyfriend a gummy bear,  
Well can I at least put some kisses on you under there,  
Man, it ain't my fault, I want your badder than some fucking air,  
Hundred millionaire, I take you anywhere,  
I put a ring on it, and make you really care,  
Now what's really good, it's young mullah baby,  
Yeah, Guns, and roses and tulips, baby,  
I do this baby, now come and do it with me,  
Because I'm right, I'm right, like i knew I'm hittin' with it,  
Now I'm right with your ass,  
And if you fall in love after tonight, it's your bad,  
She like it over here, she like the way I do it,  
She want to lay back, so I put it on to it,  
I know what your girl like, I know what your girl want,  
I know what your girl like, wam ba bam,  
She says she like the boss call lil celo,  
shawty like the boss so i let her swipe the visa,  
I know what your girl like, I know what your girl want,  
I know what your girl like, wam ba bam,  
And I hear she got a man at home,  
And when he calls she don't pick up the phone,  
Cause he don't give her what I do,  
So I'm asking you,  
What are you gonna do?  
She wanna make me her boo,  
She wanna say never go,  
So I'm letting you know,  
I know what your girl like,  
I know what your girl want,  
I know what your girl like,  
And I'm the only one to make her say oh, oh, oh  
I'm just letting you know oh, oh, oh  
Chorus:  
I know what girls like  
I know what they want

I know what girls like,  
And I'm the only one to make her say oh  
I know what your girl like,  
I know what your girl want,  
I know what your girl like,  
And I'm the only one to make her say oh  
She like to get frisky, every time she see me,  
and she can't pronounce her name 'cause her lips are shaking.  
I know what your girl like, I know what your girl want,  
I know what your girl like, wam ba bam,

her hands ups and down, can't get enough of it,  
She can break it down every time we're busy,  
I know what your girl like, I know what your girl want,  
I know what your girl like, wam ba bam,  
And I hear she got a man at home,  
And when he calls she don't pick up the phone,  
Cause he don't give her what I do,  
So I'm asking you,  
What are you gonna do?  
She wanna make me her boo,  
She wanna say never go,  
So I'm letting you know,  
I know what your girl like,  
I know what your girl want,  
I know what your girl like,  
And I'm the only one to make her say oh, oh, oh  
I'm just letting you know oh, oh, oh

Chorus:

I know what girls like,  
I know what they want,  
I know what girls like,  
And I'm the only one to make her say oh  
I know what your girl like,  
I know what your girl want,  
I know what your girl like,  
Only tryna keep it real,  
I keep telling her to chill,  
I can't keep her off my dick,  
So what you want me to do about it?  
You can't blame her for gettin' what she needs,  
And I can't deny it when she's asking for me,  
Hey, cause I know what she wants,  
So tell me what you gonna do about it?  
What are you gonna do?

She wanna make me her boo,  
She wanna say never go,  
So I?m letting you know,  
I know what your girl like,  
I know what your girl want,  
I know what your girl like,  
And I?m the only one to make her say oh, oh, oh  
I?m just letting you know oh, oh, oh

Chorus:

I know what girls like  
I know what they want  
I know what girls like,  
And I?m the only one to make her say oh  
I know what your girl like,  
I know what your girl want,  
I know what your girl like
