

Don't Gimme That (Private Room Remix)

Aloha from Hell

So it's over and your heart is on the floor.

And you need a way to run and hide.

Now you're knocking on my door.

Tryin' to pick it up and save your pride. You can say it but ive heard it all before.

How I never showed and said good-bye.

The one you still adore.

And how you never meant to make me cry. You were the one who let me down,

You were the one who fooled around.

Now I'm your lost and found, Don't gimme that,

Aah, aah, ahh

Don't gimme that. (Sorry really doesn't mean a thing) When I can't believe a word you say [what you say?]

I'm not your puppet on a string.

Left aside until you want to play. You were the one who let me down,

You were the one who fooled around.

Now I'm your lost and found, Don't gimme that,

Aah, aah, ahh

Don't gimme that,

Aah, aah, ahh

Don't gimme that,

Aah, aah, ahh

Don't gimme that,

aah, aah, ahh So it's over and your heart is on the floor.

And you need a way to run and hide.

Now you're knocking on my door.

Tryin' to pick it up and save your pride. Aah, aah, ahh

Don't gimme that,

Aah, aah, ahh

Don't gimme that,

Aah, ahh, ahh

Don't gimme that,

Aah, ahh, ahh

Don't gimme that. (Gimme that, gimme that, gimme that, gimme, gimme, gimme that)

Don't gimme that.
