

I'm Bringin' Home Good News

Merle Haggard

Yeah I'm bringin' home some good news
Got some things you'll be glad to hear
Like I'm leavin' town and I'll be back
Around just long enough to get my gear
There won't be any goodbye kiss'in
Well I'm puttin' on my leavin' shoes

This is the end we're through it's over Yeah, I'm bringin' home some good new Well I was sittin' downtown in a
tavern

When I made up my mind to go
And I knew you would be so glad to be free
I just thought to call you to let you know
That you can tell all your backdoor daddys
That your big daddy's done blew a fuse
This is the end we're through it's over
Yeah, I'm bringin' home some good news To you I been known as bad news
Well I'm changin' my first name
And I'm givin' you your freedom baby
That ought'a rate some kinda change
You won't have to hide your milk man's slippers
I won't be lookin' around for clues
This is the end we're through it's over
Yeah, I'm bringin' home some good news
