

Dismissed

Tim Simonec

How many times have you tried to pull one over on me?

Always mess with me and try to get the best of me

Lookin' back, all the pain that you put me through

Why would I fall for a fool like you? Now you're talkin' like I've never played the game before

Save your empty words 'cause I don't wanna hear no more

Basically you're trying to take control of me

But you're not what I wanna be I know everything about you

Yesterday has come and gone

I'd be better off without you

No lookin' back, I'm moving on You'll never steal the song of my lips

I'll never bow down to give you a kiss, no

You'll never steal my innocence

You've been dismissed Do your best to try to pull me down

I'm never going back even if I see you around, no

No, I'm never going down like this

You've been dismissed Let me break it down one more time

And no you're never gonna change my mind

That was then this is now things are different, no

Oh, you're not what I'm livin' for I know everything about you

It's funny how the tables turned

I'd be better off without you

Now you're the one who's gettin' burned You'll never steal the song of my lips

I'll never bow down to give you a kiss, no

You'll never steal my innocence

You've been dismissed Do your best to try to pull me down

I'm never going back even if I see you around, no

No, I'm never going down like this

You've been dismissed On a falling star you got to where you are

And you think you've got the right to own my heart

But my affection doesn't lie in your direction You want to hold me with a lock and key

Cover my eyes so I cannot see

But in the end we all know who wins

You are over, over, over You'll never steal the song of my lips

I'll never bow down to give you a kiss, no

You'll never steal my innocence

You've been dismissed Do your best to try to pull me down

I'm never going back even if I see you around, no

No, I'm never going down like this

You've been dismissed You'll never steal the song of my lips

I'll never bow down to give you a kiss, no
You'll never steal my innocence
You've been dismissedDo your best to try to pull me down
I'm never going back even if I see you around, no
No, I'm never going down like this
You've been dismissedYou've been dismissed
