Our Car Club

Beach Boys

I've been cruisin' round the town, now
With the guys for quite a while
Oh, we been thinkin' 'bout starting up a club
That shows some class and style
And we'll get the finest carsWe got a Deuce Coupe
A Stingray, a rail job and an X K E
(We'll start a car club)We'll be the fastest at the drags
Man, we'll really cut some low ETs
(We'll start a car club)
And wipe out the other clubsWell, we'll set a meeting and get a sponsor
And collect some dues
And you can bet that we'll have
Our jackets on wherever we cruiseWe'll get the roughest and the toughest
Initiation we can find
(We'll start a car club)And if you want to try to get in
We'll really put you through the grind
(We'll start a car club)
This club's the very bestWell, we'll set a meeting and get a sponsor
And collect some dues
And you can bet that we'll have
Our jackets on wherever we cruiseWe'll get the roughest and the toughest
Initiation we can find
(We'll start a car club)And if you want to try to get in
We'll really send you through the grind
(We'll start a car club)
Well, this club's the very bestCar club, car club
(Start a car club)
Car club, car club
(Start a car club)Car club, car club
(Start a car club)
Car club, car club
