Mona Lisa

Paper Route

Fly, your head high still at 7AM
I stay up waiting for you to land
You're such a mess and you know
Chasing and chasing the afterglowSo, I have your name on the tip of my lips
You got a face that nobody forgets
You are a sign of the times
Nobody knows who you are tonightI know, I try, to let my mind go off alone
This time, you've got, to know oh ohYou think you're Mona Lisa
Just hanging around
You're high enough for both of us
And not coming downYou think you're Mona Lisa
When no one's around
You can't believe the irony
Just look at you nowNow, you're looking framed as you lean on the wall
You sober up and you make it a call
This is the way it begins
You love the view of an audienceDance, all in your dress so skinny and black
You man .... is gonna overreact
Because in time you will see
You never knew you were using meYou think, it's love, because you want it bad enough
This time, you've got, to know oh ohYou think you're Mona Lisa
Just hanging around
You're high enough for both of us
And not coming downYou think you're Mona Lisa
When no one's around
You can't believe the irony
Just look at you nowFly, your head high still at 7AM
I can't keep waiting for you to land
You're such a wreck and you know
Trapped with your back to the wall aloneSo, I took your name from the tip of my lips
You're just a face that I wanna forget
You are a sign of the times
Nobody knows who you are tonightMona Lisa
Just hanging around
You're high enough for both of us
And not coming downYou think you're Mona Lisa
When no one's around
You can't believe the irony
Just look at you nowWake up baby

You are all alone
And we both know it
Wake up baby yeahI am waiting
You are all alone
And we both know it
Wake up baby yeah
