We're so Lost

Princess Chelsea

Can you see where we're going?
We're so lost, will we ever get back again?
Can you see what we're doing?
There's so much we're in danger of losingWe're so lost
We're in danger
We're so lost
We're in dangerHey boy, hey boy
Deep down in your heart
Do you really know? Do you really know?
Hey girl, hey girl
Deep down in your heart
Do you really know? Do you really know?We're so lost
We're in danger
We're so lost
We're in dangerWill we ever get back again?
Will we ever get back again?
Will we ever get back again?
Will we ever get back?Will we ever get back again?
Will we ever get back again?
Will we ever get back again?
Will we ever get found?
