

Friendly skies

Christian Smith

Yeah
A little slow jam Kiss me, hold me
The weatherman says it's gonna be
Cold tonight
Whatever man
Whatever, whatever, whatever, whatever, whatever
Whatever man you wanna do
I'll be the pilot
Don't miss your flight I'm stewardess of the plane
Can you feel the turbulence and maintain
Please refrain, stay in your seats
Until we reach the game I'm stewardess of the plane
Can you feel the turbulence and maintain?
Please refrain, stay in your seats Take me higher
Let's just go for a little
Joy ride
Whatever man
Whatever, whatever, whatever, whatever
Let's stay, buckled up
And let's make love
Across the friendly skies, yeah yeah I'm passenger of this plane
I feel the turbulence I maintain
I will refrain, stay in my seat
'Till I reach the game I'm passenger of this plane
I feel the turbulence, I maintain
I will refrain
I stay in my seat I want you
Baby baby, I want to
Baby you know what I want
I really really wanna, fuck you
Sho nuff wanna, fuck you I want you
Baby baby, I want to
I know you know what I want
I really really wanna, fuck you
Sho nuff wanna, fuck you Is there anything that you want?
Is there anything that you need?
Call on me, Ginuwine
Call on me, Ginuwine Is there anything that you want?
Is there anything that you crave?

Call on me, Ginuwine 'Cause I'm a passenger of your plane
Yeah Missy fly with me
Missy fly with me, fly with me
Missy drive with me
Missy drive with me, drive with me
