

Fall into Love

Wrathchild

You never hear love songs on the radio no more
Is it cuz we're too scared to fall?
Or is it cuz we're too cool?
Don't be so crass, I got somethin to say
Get off your bad ass, let's do this the right way
Sex will forever be on our minds
But I want the real thing, just like in 80's movies
Let's fall into lo-ove tonight (oh I)
Come and scoop me up in your ride (oh I)
It'll be like in the movies
With your bass bumpin' in the night (outside my window)
Let's fall into lo-ove tonight (oh I)
I wanna feel the magic of the afterglow again
Cuz my morning breath and your walk of shame
Don't get my heart racin'
So gimme a dozen roses or somethin'
Let's go back to prom days and do this the right way
Sex will forever be on our minds
But I want the real thing, just like in 80's movies
Let's fall into lo-ove tonight (oh I)
Come and scoop me up in your ride (oh I)
It'll be like in the movies
With your bass bumpin' in the night (outside my window)
Let's fall into lo-ove tonight (oh I)
Ohhh ayeeeahh, ayeeeahh
Ohhh ayeeeahh, ayeeeahh
Avalat nalafa nawah, avalat nalafa nawah
Avalat nalafa nawah, avalat nalafa nawah
Ohhh ayeeeahh, ayeeeahh
Let's fall into lo-ove tonight (oh I)
Come and scoop me up in your ride (oh I)
It'll be like in the movies
With your bass bumpin' in the night (outside my window)
Let's fall into lo-ove tonight (oh I)
(ohhhhh)
It'll be like in the movies
With your bass bumpin' in the night (outside my window)
(ohhhhh)
