

Love You Madly

æ, ɛ^o·æ⁻

I don't want to wonder
If this is a blunder
I don't want to worry whether
We're gonna stay together till we dieI don't want to jump in
Unless this music's thumping
All the dishes rattle in the cupboards
When the elephants arriveI want to love you madly
I want to love you now
I want to love you madly, way
I want to love you, love you, love you madlyI don't want to fake it
I just want to make it
The ornaments look pretty
But they're pulling down the branches of the treeI don't want to think about it
I don't want to talk about it
When I kiss your lips
I want to sink down to the bottom of the seaI want to love you madly
I want to love you now
I want to love you madly, a way
I want to love you, love you, love you madlyI don't want to hold back
I don't want to slip down
I don't want to think back
To the one thing that I know I should have doneI don't want to doubt you
Know everything about you
I don't want to sit across the table from you
Wishing I could runI want to love you madly
I want to love you now
I want to love you madly, a way
I want to love you, love you, love you madly
