Storm in My Mind

Possessed

Lyrics : JB Music : MT
Sail the sea
Ship of dreams
Things aren't always as they seem
Spinning thoughts
Inside my head
Thinking now of what's ahead
What is False?
And what is real?
There's no knowing, How I feel
Sail the seven seas
Who will rule the world next
They will bring you to your knees
The storm is in my mind
If there is
Will I care
At my Brain thoughts Will tear
I want to live so fast
How long will I last
I live from day to day
I watch my brain decay
Feeling the current pull you in
Feeling your all along
Feel the fire burn within
Death has now begun
