

Threesome

Ruff Endz

So you told your girlfriend, how I put it down
And she's curious and wants to find out
How I switch position
Stoking it with precision
Got you flowing like an ocean
Come talk to me?
We can talk about it
If you can be about it
What you wanna do tonight
Slip in the Jacuzzi
And we can make a movie
Lay ya back and do it right (ooh, baby)
What about a threesome
You and your girlfriend I'll be pleasing
Give you what you needin'
While she's on top I'll be teasin'
What about a threesome
You and your girlfriend I'll be pleasing
Give you what you needin'
While she's on top I'll be teasin'
Let's have a threesome
I'll get the mood set right
So you're comfortable
Oh, lady, just relax
Let me take control
I know you've never done anything like this before
But I guarantee this is one thing
You'll be craving for, babe
We can talk about it
If you can be about it (lady)
What you wanna do tonight (what you wanna do)
Slip in the Ja'causezi (ooh)
And we can make a movie
Lay ya back and do it right
What about a threesome (what about a threesome)
You and your girlfriend I'll be pleasing
Give you what you needin' (I'll be gettin' you, be gettin' you)
While she's on top I'll be teasin' (yeah, yeah)
What about a threesome (oh)

You and your girlfriend I'll be pleasing (me and you)
Give you what you needin' (you and her)
While she's on top I'll be teasin' (let's have a three)
Let's have a threesome
We can talk about it
If you can be about it (we can talk of it)
What you wanna do tonight (all knew wanna do)
Slip in the Ja'causezi (get it wet, baby)
And we can make a movie (nice and wet, lady)
Lay ya back and do it right
What about a threesome
You and your girlfriend I'll be pleasing
Give you what you needin' (I want you)
While she's on top I'll be teasin' (she's on me, I want her, babe)
What about a threesome (oh, oh, yeah, babe)
You and your girlfriend I'll be pleasing (pleasing, please you, baby)
Give you what you needin' (what you need)
While she's on top I'll be teasin' (while I'm bout it, baby)
Let's have a threesome
What about a threesome (I'm beggin' you)
You and your girlfriend I'll be pleasing (and I wanna know)
Give you what you needin'
While she's on top I'll be teasin'
What about a threesome?
