

# Red Eyes and Tears

## Black Rebel Motorcycle Club

Red eyes and tears no more for you my love I fear  
Red eyes and tears no more for you my love I fear  
No more fear, no more fear I'm in loveLosing sensation for you my love I fear  
Losing sensation for you my love I fear  
No more fear, no more fear I'm in loveLove love  
I'm in loveLosing the reasons to breathe I never lived  
I'm losing the reasons to breathe I never lived  
Never lived, never lived I'm in loveThese are my reasons the truth is never filled  
These are my reasons the truth is never filled  
I'm never filled, never filled I'm in loveLove, love  
I'm in loveRed eyes and tears no more for you my love I kill  
Red eyes and tears no more for you my love I kill  
Red eyes and tears, red eyes and tears  
Red eyes and tears no more for you my love I kill  
No more kill, no more kill I'm in loveLove, love  
I'm in love
