# 23

## Juliette Reilly

We're doing pretty good, pretty good
We're doing pretty good for twenty-three

If you take away the wind
The birds donâ€™t know who they're supposed to be
If you take away the walls
Weâ€™re all just dancing

Well, Iâ€™ve been trying to fall asleep
But my heart wonâ€™t quiet down
Cause I need you to keep the beat
Can you believe where we are now?

Took an oath to stay young, I break it everyday
Said I wonâ€™t fall in love, I want you in the worst way
You canâ€™t get tough if you donâ€™t bleed
Iâ€™m sleeping everywhere, but calling nowhere home
Collecting goodbyes and things I wish Iâ€™d known
It's not where we thought weâ€™d be
But weâ€™re doing pretty good for twenty-three

If you take away the lines
Weâ€™d all be crashing on the street
If you take away the time
We all could taste our dreams

But I can never fall asleep
Cause my heart wonâ€™t quiet down
And I need you to keep the beat
Cause I can't believe where we are now

Took an oath to stay young, I break it everyday
Said I wonâ€™t fall in love, I want you in the worst way
You canâ€™t get tough if you donâ€™t bleed
Iâ€™m sleeping everywhere, but calling nowhere home
Collecting goodbyes and things I wish Iâ€™d known
It's not where we thought weâ€™d be
But weâ€™re doing pretty good for twenty-three

And I donâ€™t wanna fall asleep

Cause what if the world comes falling down
In the morning when I leave?
So just hold me for right now

Took an oath to stay young, I break it everyday
Said I wonâ€™t fall in love, I want you in the worst way
You canâ€™t get tough if you donâ€™t bleed
Iâ€™m sleeping everywhere, but calling nowhere home
Collecting goodbyes and things I wish Iâ€™d known
It's not where we thought weâ€™d be
But weâ€™re doing pretty good for twenty-three

If you take away the end,
Every new start comes up clean
