

California

Never Shout Never

Oh my god
I had the most amazing time last night
I dreamt I saw you again
That's when the flashback started to begin They started slow
But they picked up fast
So I got off my ass
And I ran away to Californ-I-A La, la, la, la, la, la, la
La, la, la, la, la, la, la
(Californ-I-A)
La, la, la, la, la, la, la
La, la, la, la, la, la, la Oh my god
I should've never let you leave my side
Should've never left you alone
It probably seems like I'm never coming home But I'm so lost I
Living life fast
Please get off your ass
So I won't waste away in Californ-I-A La, la, la, la, la, la, la
La, la, la, la, la, la, la
(Californ-I-A)
La, la, la, la, la, la, la
La, la, la, la Just so you know
I'm never comin' home
I'm having a great day
In Californ-I-A La, la, la, la, la, la, la
La, la, la, la, la, la, la
La, la, la, la, la, la, la
La, la, la, la, la, la, la
