

# Wasted Time

## Atlas Road Crew

Wasted Time

(Verse 1)

She stands alone quietly waiting by the phone

Trying to figure out just how everything went so wrong

Memories of good time and bad times down this broken road

Sends up a little prayer asking when she can come back home

(Chorus)

Well maybe ill try and maybe I wonâ€™t

Lift up your pride and free your soul

It was all wasted time

(Verse 2)

Slowly hangs his head as he turns the light way down low

Bitter sweet desperately staring down at the cold black road

(Chorus)

Well maybe ill try and maybe I wonâ€™t

Lift up your pride and free your soul

It was all wasted time

(Bridge)

Round round here we go, baby

Round round here we go

Down down baby down down baby down

Iâ€™m letting go

Iâ€™m letting go

(Chorus)

Well maybe ill try and maybe I wonâ€™t

Lift up your pride and free your soul

It was all wasted time

Wasted time
