The Remedy

Polaris

Heavy hangs the air
Heavy lies the beating heartBloodshot, staring with a blank gaze
Deadbeat, carrying a dead weight
Dead-set on living like tomorrow was to blame
And through these holes you'd see the blackest soul inside of me
One foot stuck in the past, one planted in my graveRunning circles, old habits die hard
Each lesson learned never seemed to get too far
Call me reckless, call me stuck in my ways
I'm torn between the remedies for everythingBloodshot, staring with a blank gaze
Deadbeat, carrying a dead weight
Dry mouth, taste it like a cut vein
Blackout, it all ends the same
So stay away, stay away,
Can you tell when I lie right through my teeth?
No escape, no escape
Like a chain, in a way we are all bound to our fateDon't let it bury me
We call this therapyRunning circles, old habits die hard
Each lesson learned never seemed to get too far
Call me reckless, call me stuck in my ways
I'm torn between the remedies for everythingHeavy hangs the air
Heavy lies the beating heart
Burden breeds remorseBlack clouds hover low like a curse
Low like a curse
Running circles, old habits die hard
Each lesson learned never seemed to get too far
Call me reckless, call me stuck in my ways
I'm torn between the remedies for everything
I'm torn between the remedies for everything
I'm torn between the remedies for everything
