

So Tight

Only took a second to catch my eye
Dancin like ya knowin' that you're fly
Do I wanna step to ya I think might wanna move with you tonight
You make me say you got me going and girl I need (you you)
Out to the floor and dance with me (do do)
Do what you wanna do with me
Come one baby you know you gotta

Chorus:

Come show me how you move it drop
Because you're so fine baby just don't stop
I wanna get down wanna do my thing with you
All night you're so tight
I wanna jump, jump (jump jump jump)
I wanna clap, clap (::clapping::)
I know you want to so do I tonight
'cause girl you're just so tight

Babygirl the way you move around
Oh ya know it makes me think about
Me and you and getting down

Do you know what you're dealing with
All I know is I'm feeling it
