

Had to Fall

Sea Level

Verse 1

I was down in Louisiana - underneath a Cajun moon -
Way out in the middle of nowhere - why'd I have to run into you-
You with the voodoo eyes - honey don't tell me you're an innocent girl -
You make me want to jump and holler "Help me!" - can you push me to the end of the world -
Of all the girls in the whole wide world I had to fall for you -Verse 2
You take me to your little shack - you call that your palace of love -
You think I think I'm the first man to walk through that door - baby that's a little too much -
You with your voodoo eyes - you try to tell me you're an innocent girl -
You make me want to holler "Help, help, help!" - you push me to the end of the world -
Of all the girls in the whole wide world I had to fall for you -

Bridge Solo Break -

Verse to end -

Fall - and fall - You with the voodoo eyes -
Fall - and fall - way down in Louisiana -
Fall - and fall - don't try to tell me you're just a little girl - I don't believe it -
Fall - and fall - I ain't gonna fall for that line - baby, ain't gonna fall -
Fall - and fall - no you take me to that little shack for the first time -
Fall - and fall - you better tell me - just tell me -
Fall - and fall - I woke up in the morning and found you missing -
Fall - and fall - where's you go playing me for a fool?
Fall - and fall - You with the voodoo eyes -
Fall - and fall - way down in Louisiana -(ad lib to end)
