

# Wing

## Blue Bears & Taecyeon(2PM)

One two three fourI was a wing in Heaven blue  
Soared over the ocean, soared over Spain  
And I was free needed nobody  
It was beautiful, it was beautifulI was a pawn didn't have a move  
Didn't have nowhere that I could go  
But I was free I needed nobody  
It was beautiful, it was beautifulAnd if there's one thing  
Could do for you  
You'd be a wing in Heaven blueI was a vision in another eye  
And they saw nothing, no future at all  
Yet I was free I needed nobody  
It was beautiful, it was beautifulAnd if there's one thing  
Could do for you  
You'd be a wing in Heaven blueAnd if there's one thing  
Could do for you  
You'd be a wing in Heaven blueAnd if there's one thing  
Could do for you  
You'd be a wing in Heaven blue
